Dear Mr. Brown:

In accordance with EPA policy regarding the performance of Risk Assessments during Remedial Investigation / Feasibility Studies conducted by PRPs, I am requesting that you allow RISWMC to perform the Operable Unit II Risk Assessment at the Central Landfill in Johnston RI.

RISWMC plans to engage GZA GeoEnvironmental as the contractor to conduct the work necessary to begin the RA. I have attached a statement of qualifications of GZA for your review, and upon a favorable determination by your agency, RISWMC is prepared to commence with RA tasks immediately.

Thank you for your consideration on this matter, and if you have any questions please do not hesitate to contact me.

Sincerely,

Dennis P. aRusso

Environmental Manager
